Warranty

12 months

LIMITED TIME WARRANTY

Cabinet Bazaar warrants to the original consumer purchases that Cabinet Bazaar cabinets, door hinges, and drawer glides will be free from defects in material and workmanship under normal use and service for twelve months (Proof of Purchase is required). This warranty is not transferable and only applicable to product used for residential purposes. Representatives of Cabinet Bazaar do not have the authority to change or enlarge this warranty.

Cabinet Bazaar, at our option, may elect to repair or replace with a functionally equivalent product any Cabinet Bazaar product covered by this warranty. Some replacement parts are subject to availability and may differ from original parts received. Return of defective product may be required for a replacement to be issued. Repair parts or replacement parts are at the expense of Cabinet Bazaar, but customer shall bear all other expenses. These expenses may include, but are not limited to, cost of removal and re-installation of product, labor expenses, etc.

This warranty is valid only in the United States of America and is not transferable. All implied warranties are limited in duration to the shorter of the period provided by law or the period of this warranty. To the extent permitted by law, this warranty excludes special, incidental, or consequential damages. Some states do not allow the exclusion or limitations of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights; you may have other rights which vary from state to state. To exercise this warranty, please contact the Cabinet Bazaar supplier from whom you purchased the

Normal wear and tear, damage or defects caused by accidents, misuse, abuse, lack of necessary maintenance, or acts of God; nor does it cover alteration, modification, improper installation, improper handling/storage, environmental conditions, nor any labor expenses. These are not covered by the warranty.

The variation in color and grain pattern in wood adds to its natural beauty and is not considered an imperfection. Environmental factors, including but not limited to artificial / natural light, moisture, cleaners, smoke, etc., may cause the darkening or mellowing of a cabinet over time. This is a natural process and can be expected. This warranty does not cover the natural aging or darkening / mellowing of wood color, the inherent growth characteristics of, or variation in wood.

Some of the cabinet lines feature a glazed finish which accentuates the door and drawer front profiles. This glaze is hand applied over a stain or paint and may, due to the nature of application, consist of random drips, runs, etc. As glazing is a hand applied process there will be variations in color and appearance from door to door and cabinet to cabinet. This is not considered a defect and is considered normal with hand applied finishes. It is the nature of wood to expand and contract to varying degrees depending on climate conditions. As a result, cabinet lines with painted surfaces may show fractures in the paint at joints. This is normal and is not considered a defect..

Care Essentials

Frameless

Cabinet Bazaar frameless cabinets require careful maintenance to preserve their smooth and reflective appearance. Using harsh or abrasive materials may damage the surface. Follow the instructions below to maintain the original finish and ensure long-term durability.

Approved Cleaning Materials

- **Microfiber Cloths:** Use a dry or slightly damp microfiber cloth to remove dust and fingerprints. The fine fibers lift dirt effectively without scratching the surface.
- **Mild Soap Solution:** Mix a few drops of gentle dish soap with warm water. Dampen the microfiber cloth, wring out excess moisture, and wipe the surface carefully. Avoid soaking or allowing water to sit on the cabinets.
- **Avoid Harsh Products:** Do not use abrasive pads, scouring powders, ammonia, bleach, or solvents. These substances may dull or permanently damage the glossy coating.

Handling Stains and Spills

- **Grease or Oil:** Wipe with a soft cloth dampened in a mixture of mild detergent and warm water. Rinse the cloth frequently to avoid spreading the grease.
- **Water Marks:** Create a paste using baking soda and water. Apply gently with a soft cloth using circular motions. Wipe clean and dry thoroughly.
- **Stubborn Stains:** Combine equal parts of vinegar and water. Test the mixture in an inconspicuous area first. Use a damp microfiber cloth to gently rub the affected spot, then wipe dry.

Additional Recommendations

- Always dry cabinet surfaces immediately after cleaning to prevent moisture damage.
- Avoid direct exposure to sunlight over extended periods to minimize fading.
- Do not use waxes or polishes, as they may create residue or streaks on surfaces.

This care guide is applicable to Cabinet Bazaar Frameless products only. Proper maintenance ensures product longevity and preserves the factory-applied finish.
